

East Arkansas Community College
Certificate of Proficiency in Renewable Energy Technology

The Certificate of Proficiency (CP) in Renewable Energy Technology is designed to prepare students to become knowledgeable in the renewable energy field and prepare students with the knowledge and skills necessary for entry level jobs in the renewable energy field, including biofuels, solar, and wind.

In addition to the CP-Renewable Energy Technology, EACC offers the Associate of Applied Science (AAS) and Technical Certificate (TC) in Renewable Energy Technology. See the College catalog for more information or log on to www.eacc.edu.

Required Courses for Renewable Energy Technology	Credit Hours	Semester	Year	Grade
EHS 1003 Introduction to Environmental Technology	3			
MCH 2043 Mechanical Devices	3			
RET 1003 Introduction to Renewable Energy Technology	3			
RET 1024 Biofuels	4			
SFT 1063 Industrial Loss Prevention	3			

TOTAL CERTIFICATE HOURS	16
