

Pathfinders

Science

Many types of resources are available at the EACC Learning Resource Center. The purpose of this guide is only a beginning point for your research. This is not a complete list of resources. If you need further assistance, please visit the Circulation Desk in the library.

Finding Books on Science

All books are arranged by subject using the Library of Congress classification for call numbers and subject headings. The call numbers for Science is **Q**. A more detailed listing of Science is below:

Q-Science (General)
QA-Mathematics
QB-Astronomy
QC-Physics
QD-Chemistry
QE-Geology
QH-Natural History-Biology
QK-Botany
QL-Zoology
QM-Human Anatomy
QP-Physiology
QR-Microbiology

Selected Reference Books

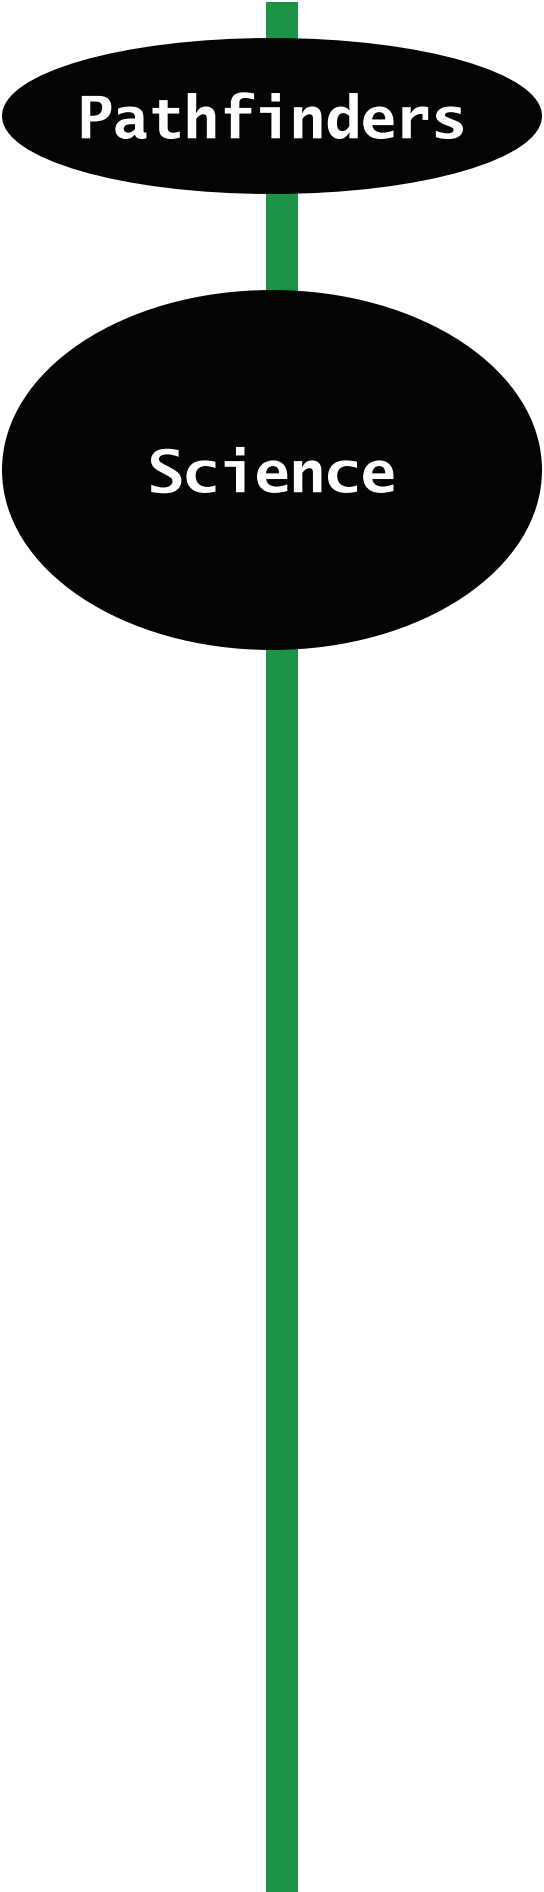

The reference collection is located in the center of the library. These are few of the references available on Science.

1. *The New York Public Library Science Desk Reference*, by Patricia Barnes-Svarney, **REF Q 173 .B25**
2. *The Facts on File, Earth Science Handbook*, **REF Q E 5 .F32**
3. *The American Heritage Science Dictionary*, **REF Q 123 .A178**

Current Books in the Library's Collection

These books are merely a sample of the books available on selected topics. Please refer to the call number **Q** in this subject area for more titles.

1. *The Concepts of Science*, by Lloyd Motz and Jefferson Hane Weaver, **Q 125 M59**
