**ASSOCIATE OF APPLIED SCIENCE
RADIOLOGIC TECHNOLOGY PROGRAM**

The East Arkansas Community College's Associate of Applied Science Radiologic Technology Program *Information Packet* presents the program and requirements in effect at the time of publication but is no guarantee that they will not be changed or revoked. However, adequate and reasonable notice will be given to students affected by any changes. This Information Packet is not intended to state contractual terms and does not constitute a contract between the student and the school. Students are expected to become familiar with the rules and policies of East Arkansas Community College's Associate of Applied Science Radiologic Technology Program and enter with the understanding that they will abide by these regulations.

East Arkansas Community College's Associate of Applied Science Radiologic Technology Program reserves the right to make changes as required in course offerings, curricula, academic policies, and other rules and regulations affecting students to be effective whenever determined by the School. These changes will govern current and formerly enrolled students. Enrollment of all students is subject to these conditions.

ACCREDITATION

The Higher Learning Commission of the North Central Association of Colleges and Schools, 30 North LaSalle Street, Suite 2400, Chicago, IL 60602-2504, -1-800-621-7440, accredits East Arkansas Community College. The Arkansas Department of Higher Education has approved the Radiologic Technology Program.

MISSION STATEMENT

The Radiologic Technology Program is an integral part of East Arkansas Community College and functions within the framework of the College. The program's mission statement and goals guide the faculty in providing quality educational opportunities.

The mission of the Radiologic Technology Program at East Arkansas Community College is to provide a highly comprehensive academic and clinical educational environment that culminates in the production of qualified entry-level radiographers who can function effectively as a member of the healthcare team. The program strives to provide the community with graduates who exhibit competent, professional, ethical, technical, communication, and critical thinking skills when rendering care. The faculty believes that the graduates will value and integrate learning and professional development as a lifelong process.

DESCRIPTION OF PROGRAM

East Arkansas Community College's Radiologic Technology Program offers an Associate of Applied Science in Radiologic Technology. Once accepted, the program is 2 years in length based on full time enrollment, exclusive of vacation time. The AASRT degree is a 65 credit hour program designed to produce competent, entry-level radiographers for the practice of diagnostic imaging. Students will be required to participate in both classroom and clinical settings. The program is designed to be completed in a 24-month period, which includes full-time course and clinical work.

Upon graduation, students will be eligible for the national credentialing examination offered through the American Registry of Radiologic Technologists.

GOALS

Upon completion of the program, the graduate will be able to:

1. Apply technical knowledge and clinical skills toward the practice of radiologic technology.
2. Utilize critical thinking and problem-solving skills in the practice of radiologic technology.
3. Communicate effectively in both oral and written form with patients, families, and all members of the healthcare team.
4. Perform all radiologic procedures and produce images of diagnostic value while providing quality patient care.
5. Conduct himself/herself in a professional manner according to the ARRT Code of Ethics.
6. Continue professional growth and development by engaging in life-long learning activities.

NONDISCRIMINATION POLICY

East Arkansas Community College's Associate of Applied Science Radiologic Technology Program does not discriminate against any applicant/student and adheres to the College's Equal Opportunity, Affirmative Action, Non-Discrimination policy. East Arkansas Community College is committed to providing equal opportunity through its employment practices, educational programs, admissions policies, scholarship and loan programs and services it offers to the community. The College will make personnel decisions and offer programs that will foster educational opportunities without regard to race, color, national origin, age, sex or disability of qualified handicapped persons.

STUDENTS WITH DISABILITIES

Students with disabilities who wish accommodations should contact the American Disabilities Act Coordinator, Hodges Student Services Complex, 633-4480, ext. 304. The admissions procedures for the Office for Students with Disabilities are as follows:

1. Student must provide the ADA contact with appropriate documentation giving evidence of a bonafide disability.
2. If necessary, the student will sign a release of information form to obtain documentation of disability.
3. Student will fill out an application for disabled student services.
4. The ADA contact will evaluate the needs of the student and inform him/her of accommodations which will be provided.
5. The Students with Disabilities Coordinator will inform instructors, Student Support Services, or other College personnel as appropriate for necessary accommodations.

APPLICATION PROCESS

All applicants must:

1. Submit a Radiologic Technology Program Application. Applicants who misrepresent/omit information from the application form become ineligible for admission or subject to dismissal after admission has been granted.
2. Request official transcript(s) to be mailed to both the Registrar's Office and the Radiologic Technology program.

A. Registrar's Office

East Arkansas Community College

1700 Newcastle Road

Forrest City, AR 72335

B. Department of Allied Health Science

Radiologic Technology Program

1700 Newcastle Road

Forrest City, AR 72335

Transcripts must be sent from any college, university, vocational/technical and/or any other school(s) attended beyond high school or completion of a GED. **Note: Each transcript must be sent even if grades are recorded on another transcript. All transcripts must be mailed directly from the institution(s) to be considered official. All requested transcripts/information must be received by the application deadline.**

APPLICATION DEADLINE

Students are admitted to East Arkansas Community College's Associate of Applied Science Radiologic Technology Program once a year for Fall Admission.

DEADLINE FOR RADIOLOGIC TECHNOLOGY APPLICANTS

June 1 for Fall Admission

All information must be received by June 1

If qualified applicant pool is not met by application deadline, the deadline may be extended at the discretion of the Restricted Enrollment Committee.

ADMISSION REQUIREMENTS

To be eligible for admission, the applicant must:

1. Be 18 years of age before any clinical component.
2. Be admitted to East Arkansas Community College (see current East Arkansas Community College Catalog for application and admission procedure.)
3. Complete any required College developmental courses.
4. Have a 2.8 grade point average (GPA) by the June 1st deadline.
5. Credit for college math and science courses must be no older than 5 years. College Math and Science taken at EACC will be reviewed on an individual basis.
6. Take the HESI A2© (also known as the Evolve Reach Admissions Assessment) entrance test and score a minimum of 78 on selected topics. The HESI stands for Health Education Systems, Inc., with A2 standing for Admission Assessment. The HESI A2© (also known as the Evolve Reach Admissions Assessment) is a common Allied Health entrance exam. This exam may be taken twice during the academic year. (Fee: approximately \$58 and is non-refundable.)

The applicant pays the ~\$58 fee by computer to the testing site. The entrance tests covers Reading Comprehension, Vocabulary, Mathematics, Anatomy & Physiology. As well as Learning Profile, Personality Style, and Critical Thinking.

The Radiologic Technology Program requires a 75% or higher overall average of the 4 sections to apply to the program. You receive points towards your application based on your average test score.

The exams are administered to applicants by computer on the campus of EACC. All exams are proctored. The applicant may register for this exam in the Allied Health Science Department. Fees are non-refundable.

APPLICATION REVIEW/NOTIFICATION

Applicants whose files are completed by the June 1st deadline will be considered by the Restricted Enrollment Committee for admission to the Radiologic Technology Program. Notification of the committee's action will be made by letter during the month of June. There is no provisional acceptance for applicants not meeting the minimum requirements. East Arkansas Community College's Associate of Applied Science Radiologic Technology Program does not maintain a waiting list for students who meet the minimum requirements but who are not offered admission.

ACCEPTANCE

Once an applicant has been accepted to East Arkansas Community College's Associate of Applied Science Radiologic Technology Program, the candidate must:

1. Accept in writing by the date indicated on the acceptance letter.
2. Obtain CPR certification. Certification **must be** by an American Heart Association Healthcare Provider and include Adult, Child, Infant, Conscious, Unconscious, and Choking. Certification must be obtained prior to registration and must be valid for the entire program of study.
3. Have the following required immunizations with statement of proof:
 1. Hepatitis B (The first shot in a series of three must be completed prior to registration or a waiver must be signed. Shots #2 and #3 must be completed as prescribed.)

2. Tetanus (Must be within the last 10 years)
 3. Measles, Mumps, Rubella (MMR)
 4. Tuberculin Test (TB). Proof of a current, negative TB skin test (within the last 12 months) or a negative chest x-ray is a requirement for registration.
 5. Flu shot or must sign a waiver.
 6. Varicella shot (chicken pox) or must sign a waiver.
-
4. Submit proof of health insurance.
-
5. Complete Criminal Background Check and Drug Screen process.
-
7. Picture of Driver's License on file in Allied Health

All required documents must be submitted before the first day of classes.

CREDIT BY PRIOR LEARNING ASSESSMENT

Students who possess knowledge for certain courses offered by the College may petition for credit by examination or experience. A maximum of 12 semester hours of college credit can be awarded through examination, experience or a combination of the two.

There are two types of CLEP exams, General and Subject. EACC awards credit for two of the five General Exams and fourteen of the Subject Exams. Credit is awarded for the humanities and natural sciences on the General Exams.

Credit may be earned by passing a comprehensive test prepared by either a commercial testing service (i.e., CLEP) or the Department of the College in which the credit is to be awarded. Credit for courses offered by EACC may also be granted upon related work experience.

Questions regarding the specifications of the CLEP test should be directed to Educational Guidance Services located in the Hodges Student Services Complex. Students who believe they qualify for credit by examination or previous work experience should contact the appropriate associate vice president.

TRANSFER STUDENT POLICY

Students withdrawing from (“W”) or failing (“D” or “F”) the same radiologic technology course twice or two separate radiologic technology courses may be ineligible for transfer into the Associate of Applied Science Radiologic Technology Program, even if the student has already repeated one of the courses and received a grade of “C” or better.

To transfer into the Radiologic Technology program, the student must:

1. Meet all current admission and transfer requirements for East Arkansas Community College (see current College Catalog for requirements). Students on academic suspension from another institution will be eligible for admission only after having remained out of school for one semester (not including a summer term) or being eligible to return to the previous institution.
2. Submit official transcript(s) showing all college work. Request official transcript(s) to be sent to both the registrar’s office and the Radiologic Technology Program.

3. Submit a letter of reference from the Dean/Director of the previous radiologic technology program, which includes a statement of eligibility to return.
4. Have an overall GPA of 2.8 and a grade of "C" or better in all required courses.
5. Submit an application to the Radiologic Technology program.
6. Take entrance exam and submit scores to the Department of Allied Health Sciences by the transfer application deadline.
7. Successfully complete a radiologic skills competency check-off with 90% accuracy. Skills list will be provided. Student will have one opportunity to successfully complete skills competencies.

Transfer Student Application Deadlines

Deadline to apply for the Fall Semester is June 1st.

Deadline to apply for the Spring Semester is October 1st.

Transfer Student Application Review/Selection/Notification

The transfer student whose file is completed by the deadline will be considered by the Restricted Enrollment Committee for admission into the Radiologic Technology Program. Notification of the Committee's action will be made by letter one month after the application deadline. There is no provisional acceptance for applicants not meeting the minimum requirements. East Arkansas Community College's Radiologic Technology Program does not maintain a waiting list for students who meet the minimum requirements, but who are not offered admission. Admission is contingent on space availability.

Transfer Student Residency

Transfer students must complete at least 18 radiologic technology credit hours in East Arkansas Community College's Associate of Applied Science Radiologic Technology Program.

Radiologic Technology Program

Curriculum Plan

Curriculum Plan

Radiologic Technology First Year

Term I (Fall)			Semester Hours
BIO	2114	Anatomy and Physiology I	4
MTH	1113	College Algebra	3
RAD	1106	Introduction to Radiologic Technology	6
RAD	1110	Clinical Practice I	0
Total			13

Term II (Spring)			Semester Hours
HSC	1003	Medical Terminology	3
RAD	1202	Radiologic Imaging	3
RAD	1216	Radiographic Procedures II	6

Radiologic Technology Program

Course Descriptions

RAD 1106 Introduction to Radiologic Technology (3-0-3)

This course is an introduction to the basic aspects and principles of radiologic technology and the health care system including but not limited to radiation protection, patient care including human diversity, healthcare agency structure and function, radiology ethics and legal issues. Emphasis will be placed on effective patient and peer communication.

Pre-requisites: Admittance to the Radiologic Technology Program.

Pre- or Co-requisites: BIO 2114, MTH 1113, PHY 2013, and RAD 1110

Assessment Fee: \$50; Dosimetry Badge Fee: \$100; Malpractice Fee: \$50; Marker Fee: \$15

RAD 1110 Clinical Practice I (0-6-0)

Supervised clinical experience emphasizing radiologic procedures of the chest, abdomen, upper extremity, lower extremity, pelvic girdle, and shoulder girdle.

Pre-requisites: Admittance to the Radiologic Technology Program

Co-requisites: RAD 1106

RAD 1203 Radiologic Imaging

(2-0-2)

This course will provide the basics of radiologic image acquisition, equipment, and quality control. Students will learn to evaluate the image quality standards and the individual factors that influence that image. Some topics include circuitry, the x-ray tube, image intensifiers, digital radiography, PACS, and image receptors. Critical thinking and communication skills will be emphasized.

Pre-requisites: All required courses from Term I

Pre- or Co-requisites: HSC 1003, RAD 1210, RAD 1216, RAD 1222

RAD 1210 Clinical Practice II

(0-9-0)

Supervised clinical experience emphasizing radiographic procedures of the chest, abdomen, upper extremity, lower extremity, pelvic girdle, shoulder girdle, vertebral column, cranium, bony thorax, urinary system, upper gastrointestinal system, and lower gastrointestinal system.

Pre-requisites: All required courses from Term I.

Co-requisites: RAD 1216

RAD 1216 Radiographic Procedures II

(3-9-6)

This course provides an investigation of procedures used in patient positioning and radiation safety instruction for radiographic demonstration of anatomic parts of the vertebral column, cranium, bony thorax, urinary system, upper gastrointestinal system, and lower gastrointestinal system.

Prerequisites: All required courses from Term I.

Pre- or Co-requisites: HSC 1003, RAD 1202, RAD 1210, RAD 1222

RAD 1223 Radiologic Physics

(2-0-2)

This course includes the theoretical basis for understanding the nature, production, characteristics and interaction of radiation with matter. Emphasis will be on the principles associated with radiation production and the clinical significance of these interactions in radiography. Critical thinking skills will be emphasized.

Prerequisites: All required courses from Term I.

Pre- or Co-requisites: HSC 1003, RAD 1202, RAD 1210, RAD 1216

RAD 1310 Clinical Practice III

(0-9-0)

Supervised clinical experience emphasizing radiographic procedures of the vertebral column, cranium, bony thorax, urinary system, upper gastrointestinal system, and lower gastrointestinal system. The student will also observe all modalities in the radiography department.

Prerequisites: All required courses from Terms I and II.

Co-requisite: RAD 1315

RAD 1315 Radiographic Procedures III

(2-9-5)

This course will provide an overview of procedures used in patient positioning, sectional anatomy, and radiation safety instruction for computed tomography, mammography, sonography, nuclear medicine, MRI, and oncology.

Prerequisites: All required courses from Terms I and II

Pre- or Co-requisites: BUS 1603, RAD 1310, SOC 2043

RAD 2103 Radiation Protection

(2-0-2)

This course is a study of the principles and practices of safe application of radiation, in regards to personnel, patients, and the public. Emphasis will also be placed on the responses of biological systems to radiation and their acute and chronic affects.

Pre-requisites: All required courses from Terms I, II, and III

Pre- or Co-requisites: ENG1013, RAD 2112, RAD 2110, RAD 2115

Dosimetry Badge Fee: \$100, Marker Fee: \$15

RAD 2110 Clinical Practice IV**(0-10-0)**

Supervised clinical experience emphasizing chest, abdomen, upper extremity, lower extremity, pelvic girdle, shoulder girdle, cranium, bony thorax, vertebral column, pediatric, geriatric, trauma, and advanced skeletal, cardiovascular, urinary system and gastrointestinal radiographic procedures.

Pre-requisites: All required courses from Terms I, II, and III

Pre- or Co-requisites: ENG1013, RAD 2102, RAD 2112, RAD 2115

RAD 2113 Radiographic Pathology**(2-0-2)**

This course is designed to introduce theories of disease causation and the pathophysiologic disorders that compromise healthy systems. Etiology, pathophysiologic responses, clinical manifestations, radiographic appearance, and management of alterations in body systems will be presented.

Prerequisites: All required courses from Terms I, II, and III

Pre- or Co-requisites: ENG1013, RAD 2102, RAD 2110, RAD 2115

Assessment Fee: \$50

RAD 2116 Special Imaging Procedures**(2-10-5)**

This course will provide an overview of the ever-changing dynamics of computers and their impact on radiology. This includes computer applications related to image acquisition, presentation, and storage. Critical thinking and communication skills will also be emphasized.

Prerequisites: All required courses from Terms I, II, and III.

Pre- or Co-requisites: ENG1013, RAD 2102, RAD 2110, RAD 2112

Malpractice Fee: \$50

RAD 2212 Seminar in Radiologic Technology**(2-0-2)**

This course will prepare the radiologic technology student to sit for the American Registry of Radiologic Technology examination and effectively search for a job in radiography.

Prerequisites: All required courses from Terms I, II, III, and IV.

Pre- or Co-requisites: ENG 1023, RAD 2220, RAD 2226

RAD 2220 Clinical Practice V

(0-12-0)

Supervised clinical experience emphasizing chest, abdomen, upper extremity, lower extremity, pelvic girdle, shoulder girdle, cranium, bony thorax, vertebral column, pediatric, geriatric, trauma, and advanced skeletal, cardiovascular, urinary system and gastrointestinal radiographic procedures.

Pre-requisites: All required courses from Terms I, II, III, and IV.

Co-requisites: RAD 2226

RAD 2226 Radiographic Medical Image Evaluation

(2-12-6)

This course is designed to place advanced emphasis on the application of knowledge, critical thinking skills, and communication skills when comprehensively analyzing diagnostic radiographic images. Also, emphasis will be on recognizing, evaluating, and correcting image problems.

Prerequisites: All required courses from Terms I, II, III, and IV.

Pre- or Co-requisites: ENG 1023, RAD 2212, RAD 2220

Classes not beginning in "RAD" must be taken in designated semesters or earlier. If these classes are not taken in the designated semester or not passed with a "C" or better, you will not progress in the program.

COSTS OTHER THAN TUITION

(APPROXIMATE COSTS)

All costs are approximate and subject to change. All East Arkansas Community College students pay the same tuition rates subject to residency status as published in the Tuition and Fees section of the current East Arkansas Community College Catalog.

The following are approximate costs other than tuition for the Radiologic Technology Program by Term. These costs are approximate and may change.

Expense	Term I	Term II	Term III	Term IV	Term V
Textbooks	~\$450	~\$350	~\$100	~\$200	~\$200
Assessment Fee	\$50	X	X	X	\$50
Malpractice Insurance	\$50	X	X	\$50	X
Rad tech bootcamp	\$230	X	X	X	x
Trajecsys	\$200	x	X	x	x
Criminal Background & Drug Screen For Clinicals	~\$150	x	x	~\$150	x
Clinical Uniforms	~\$200	X	X	X	X

Radiation Dosimetry Badge	\$100	X	X	\$100	X
Identification Markers	\$15	X	X	\$15	X
Health Insurance	varies	varies	varies	varies	varies
Travel/Parking Fees for Clinical	~\$350	~\$350	~\$350	~\$350	~\$350
CPR Certification	\$45	X	X	X	X
Immunization Requirements	~\$350	X	X	X	X
Graduation Pictures	X	X	X	X	~\$200
ARRT Certification Exam	X	X	X	X	\$200
College Matriculation Fee	\$50	X	X	X	X

Costs are approximate and may change.

X = No cost during that Term

~ = Approximate

The Criminal Background and Drug Screen will be approximately \$150.00 annually each August.

REFUND POLICY

No refunds of student tuition/fees will be made unless a student OFFICIALLY withdraws through the Office of Admissions and Registration Full refunds are given only if a student officially drops or withdraws before the first day of the semester. If a refund is due to a student receiving financial aid from any Federal Financial Aid program, a portion of the refund shall be returned to the Financial Aid program in accordance with federal regulations. **Students who fail to follow the proper withdrawal procedures will be responsible for tuition once classes begin. Failure to attend classes does not constitute an official drop/withdrawal.**

No refunds are given for drops, withdrawals or non-attendance after the 11th day of a spring/fall semester or after the 11th day equivalent of a summer term.

Refund Schedule:

Credit Courses- **Spring & Fall Semester**

Prior to First Day of Semester 100%

First Day of Classes Through 11th Class Day 80%

After the 11th Class Day NONE

Credit Courses- **Summer**

Prior to First Day of Semester 100%

First Day of Classes Through 4th Class Day 50%

After 4th Class Day NONE

FINANCIAL AID PROGRAMS

The Financial Aid Office at East Arkansas Community College seeks to provide financial assistance to any student who, without such support, could not attend the College. A comprehensive program of financial aid in the form of scholarships, loans, grants, and jobs is provided to qualifying students.

Please see current East Arkansas Community College Catalog for more information or the Financial Aid Office in the Hodges Student Services Complex.

GRADING POLICY

The grading policy for all Radiologic Technology (RAD) courses is as follows:

1. The grading scale of all Radiologic Technology (RAD) courses is:
 - A** 92-100
 - B** 84-91
 - C** 78-83
 - D** 71-77
 - F** 70 and below
2. The minimum score to pass any Radiologic Technology (RAD) course is 78. Fractional parts of numerical grades will be rounded off to the nearest whole number according to mathematical principles (i.e. 77.5 will become 78).
3. Both a minimum average of 78 in theory and a satisfactory in clinical/campus lab required activity and assignment are required in order to pass any Radiologic Technology course.
4. Failure of either the theory or clinical component of a Radiologic Technology (RAD) course results in the student repeating both the theory and clinical components.
5. The weighted average on the blackboard grade center is the average of their grade after each exam so that there will be no question as to their academic standing.

GRADUATION POLICY

The Radiologic Technology Program subscribes to East Arkansas Community College’s requirements for graduation (see current College Catalog for graduation information).

East Arkansas Community College Allied Health Entrance

HESI A2 Test

The HESI A2 test is a timed, computerized test which is usually completed in 3-4 hours. In addition to completing the five prerequisites courses, applicants to the Associate Degree Nursing program must also earn a minimum score of 75 or higher on the following sections of the HESI A2 test: Reading Comprehension, Vocabulary/General Knowledge, Math, and Anatomy/Physiology.

Please note the following important information regarding the HESI A2:

- **East Arkansas Community College Nursing and Allied Health only allow up to two attempts at the entire exam in a 12-month period..**
- **The cost to sit for the exam is \$58.00 HESI candidates must create an Evolve account and pay for the exam by using the unique payment ID link on the table below. Please make sure to write your username and password for your Evolve account, as it will be needed on test day. Without the username and password, you will not be able to take the exam and be asked to reschedule.**
- **You can take the exam at the Forrest City and Wynne campus. You will take the exam on a computer and it will be proctored (someone will be there to watch you take it). There will also be opportunities to test from an offsite proctoring site.**
- **The Radiologic Technology Program requires a 75% or higher overall average of the 4 sections to apply to the program. You receive points towards your application based on your average test score.**

HESI A2 EXAM OVERVIEW

The HESI stands for Health Education Systems, Inc., with A2 standing for Admission Assessment. The HESI A2© (also known as the Evolve Reach Admissions Assessment) is a common nursing school entrance exam.

What subjects are on the HESI exam?

The HESI A2 exam will consist of the following categories::

1. **Reading Comprehension** ○ 47 questions, 60 minutes - multiple choice
2. **Vocabulary** ○ 50 questions, 50 minutes - multiple choice
3. **Mathematics** ○ 50 questions, 50 minutes - multiple choice & fill-in-the-blank
4. **Anatomy & Physiology** ○ 25 questions, 25 minutes - multiple choice

The following are required as part of the exam, but not included in the minimum score requirement:

5. **Learning Profile** 14 question,
6. **Personality Style** 15 questions
7. **Critical Thinking**

How much does the exam cost?

The cost to sit for the exam is \$58.00

HESI candidates must create an Evolve account and pay for the exam by using the unique payment ID link on the table below. Please make sure to write your username and password for your Evolve account, as it will be needed on test day. Without the username and password, you will not be able to take the exam and be asked to reschedule.

Where do I take the exam?

You can take the exam at the Forrest City and Wynne campus. You will take the exam on a computer and it will be proctored (someone will be there to watch you take it). There will also be opportunities to test from an offsite proctoring site.

What is a passing score?

The Nursing Program require a 75% or higher in each section to apply to the program. You receive points towards your application based on your average test score.

The Radiologic Technology Program requires a 75% or higher overall average of the 4 sections to apply to the program. You receive points towards your application based on your average test score.

What happens if I don't pass my exam?

East Arkansas Community College Nursing and Allied Health only allow up to two attempts at the entire exam in a 12-month period. After two attempts at the entire exam in a 12-month period, you will have to wait until the 12-month period is over to sit for the exam again.

Are you allowed a calculator on the exam?

Yes, a calculator is provided for you but you cannot bring your own.
