Campus Safety and Security

East Arkansas Community College makes every effort and takes very seriously its commitment to provide students, faculty, staff, and visitors with a safe and secure learning environment. The information provided in this document is in keeping with the Campus Security Act of 1990. The campus community is implored to promptly report any criminal activity and/or emergencies taking place on campus to college personnel. In short, "if you see something, say something".

EACC has campus security officers available while classes are in session and while employees are on campus engaging in their duties. Campus Security may be contacted by (870) 270-8608. The college also employs part-time St. Francis County Sheriff's Office personnel to serve as an additional layer of campus safety, and there is a SFCSO Substation located in the southwest corner of the Business and Industry section of the Workforce Center building adjacent to the EACC Fine Arts Center.

Crime Reporting Policy (BP 2-5)

Students, faculty, staff and others should report any criminal action or emergencies that occur on East Arkansas Community College's campus to the security officer on duty. The security officer may be contacted through the College's Business Office, Receptionist or evening staff. In the event that the security officer is not immediately available either by phone or in person, reports should be made to a Vice President, the Vice President for Student Services/CSAO, the Associate Vice President for Public Relations and Community Programs, the President, or the Executive Director of Campus Safety and Facilities. East Arkansas Community College is concerned about security and access to any campus facilities. In order to provide the maximum level of security possible, the institution employs security service during all day and evening classes and for other activities on campus.

Campus security will assist students, college personnel, and visitors in assuring them of personal well-being, which may involve escorting persons, upon request, to their vehicles when they feel insecure or assisting them in times of need. Campus security will maintain security logs of security activities on the campus. They will provide logs and written reports to the College monthly or upon demand by the College. They will work very closely with college personnel to provide security services for special events sponsored by the College. They will perform other services agreed upon between the College and the security service to provide continuous and uninterrupted security coverage. The enforcement authority, working in conjunction with the Vice President for Finance and the Vice President for Student Services/CSAO, will apply the Student Code of Conduct as spelled out in the Student Handbook. Security personnel will contact the Vice President for Student Services/CSAO when charges or decisions need to be made concerning the conduct of students. In the event that action is required by local police agencies, a cooperative working relationship is in place with the Forrest City Police Department and the St. Francis County Sheriff's Office. Students are encouraged to report any crime to the campus security officer or to the Vice President for Student Services/CSAO who, in turn, contacts police agencies if appropriate.

Confidential reporting is allowable and encouraged when one is a victim of a crime and does not wish to pursue action through the criminal justice system or the college's disciplinary process. If one should choose submit a confidential report, college administrators can file an informal report, with consent and permission, which will assist in keeping accurate records, determine if a pattern exists, alert the campus community to potential danger, and fulfill obligations of campus crime reporting. While EACC encourages formal filings, both through

college disciplinary processes and legal processes, informal filings are sometimes essential to ensure safety.

Timely Notification and eaccALERT

Timely warnings are communicated to the campus community about instances that pose a threat to the college and its students, faculty, staff, and visitors through the Office of the Vice President of Public Relations and Community Programs. These communications may be distributed in various ways, including but not limited to text messages, email, campus VOI intercom, Vaccaro Clock Tower, and Alertus beacons.

EACC offers an emergency text messaging service for students, faculty and staff. This service is used to announce a critical alert such as an unscheduled college closing or a delay or cancellation of classes due to unforeseen events such as inclement weather. All students, faculty, and staff are encouraged to set up an [eaccALERT](#) account or check their current account to verify that it is properly functioning. If you attempt to log in to your [eaccALERT](#) account and the account is not found, it may be *expired* or *inactive*. For questions or more information, call (870) 633-4480, ext. 214 or 203.

Arkansas Code Annotated §12-12-913(g) requires the Arkansas Higher Education Coordinating Board to promulgate guidelines for the disclosure to students of information regarding registered sex offenders who are employed by or attend an institution of higher education when information regarding a sex offender is released to an institution of higher education by a local law enforcement agency having jurisdiction.

Arkansas Code Annotated §12-12-913(g) requires the board of directors of an institution of higher education to adopt a written policy regarding the distribution to students of information regarding a sex offender that is in accordance with guidelines promulgated by the Arkansas Higher Education Coordinating Board.

In compliance with Arkansas Higher Education Coordinating Board policy, EACC's Sex Offender Notification policy includes the following references to state statute and federal law:

A.C.A. §12-12-903 (6) defines the “local law enforcement agency having jurisdiction” as follows:
(A) Chief law enforcement officer of the municipality in which an offender: (i) Resides or expects to reside; (ii) Is employed; or (iii) Is attending an institution of training or education; or
(B) County sheriff, if: (i) The municipality does not have a chief law enforcement officer; or (ii) An offender resides or expects to reside, is employed, or is attending an institution of training or education in an unincorporated area of the county.”

A.C.A. §12-12-913 (b) states that “in accordance with guidelines promulgated by the Sex Offenders Assessment Committee, local 3.22.2 law enforcement agencies having jurisdiction shall disclose relevant and necessary information regarding sex offenders to the public when the disclosure of such information is necessary for public protection.”

The Campus Sex Crimes Prevention Act (section 1601) and (42 U.S.C., 14071j and 20 U.S.C., 1092 (f) (1) (I)) is a federal law enacted on October 29, 2000, which provides for the tracking of convicted sex offenders enrolled at or employed by institutions of higher education. This federal law requires sex offenders who are required by law to register in a state, to also provide notice of each institution of higher education in that state where the person is employed, carries on a vocation, or is a student. This law further requires that institutions of higher education issue a statement advising the campus community of the availability of this information.

Additional details may be found in EACC Board Policy.
